All Witches on Deck (A Moonstone Bay Cozy Mystery Book 14)

Author: Amanda M. Lee

Hadley Hunter never saw herself as mayor of Moonstone Bay. Now she has the job, and it seems to be a whole lot of squabbling neighbors and missing foul-mouthed birds instead of the action and adventure she was expecting. All of that changes when a local worker for one of the hotels calls in to report seeing a child wandering in the road in the middle of nowhere. Both the woman and child are missing when units go looking. Sheriff Galen Blackwood can't find a record of a missing child. He can't find a path to follow for the missing woman. All he can find is a spit of desert in the middle of the island and no way across.

Moonstone Bay has a lot of secrets. When Hadley starts digging on this one, she's confused. How is it that nobody has any information on this specific bit of land? Why has nobody ever bothered to ask? Why is it that everybody just accepts the land can't be crossed?

Hadley smells a conspiracy, and she may be right. The problem is, there's nobody around to confirm or deny anything she believes.

That, of course, means her mind is running wild. She's going to take all of her friends along for the ride, too, whether they want to be dragged into this mess or not.

Some secrets are kept for a reason. When this one blows up, they all might regret it...if they live that long that is.

The Alpha's Fated Encounter (Fated To Royalty Book 1)

Author: Roxie Ray

I walk into the bar with my pack, and I scent her straight away.

She's lying behind the counter with blood trailing from an injury to her head. My desire to protect her stuns me almost as much as her beauty.

But it's the smell of her blood that stuns me the most—it's something not quite human.

When she wakes up, her fear tells me all I need to know. She definitely thinks she's mortal.

I choose to disagree.

I make my pack watch over her while she heals, and she's surprised I want to protect her. It's obvious she hasn't had good experiences with shifters in the past, but I intend to show her I'm different.

I also need time to find out the truth about her, including why she's being hunted by our kind for reasons I'm yet to understand.

All I know is that whoever this woman really is, she's special. And she's mine...

Author: Heather G. Harris

Spells, hexes and curses.

Curses are falling on this town like rain in London. Just when I think I've found a link between the hexed victims, someone else shows up who's been jinxed. It feels like the devil is playing darts with my paranormal town and if the dart hits you, you get whammied with a curse.

To be honest, I haven't a clue how to find the perpetrator. My sole lead is pointing at the travelling black market that has just arrived in Portlock. That would be all fine and dandy—if I could find it. Weirdly, no one is willing to direct the cops to a highly illegal market. I'm obviously persona non grata – though being a slightly-less-than-undead vampire, I'm kind of used to that.

On top of everything, my overbearing British mother has come to visit. Stuck in my shoebox of a house together, we might actually have to deal with some of our issues. Thank goodness I have Connor Mackenzie, vampire leader and sexy lumberjack, to run to when the going gets tough.

I'm juggling things—badly—when I discover my dog is cursed. What am I willing to do to save my hound? Anything and everything.

The world can burn for all I care, as long as I can save my pup...

#1 NEW YORK TIMES BESTSELLER • “[A] torrent of endlessly inventive prose, by turns comic and enraged, embracing life in all its contradictions. In this spectacular novel, verbal pyrotechnics barely outshine its psychological truths.”—Newsday

Winner of the Whitbread Prize

One of the most controversial and acclaimed novels ever written, *The Satanic Verses* is Salman Rushdie's best-known and most galvanizing book. Set in a modern world filled with both mayhem and miracles, the story begins with a bang: the terrorist bombing of a London-bound jet in midflight. Two Indian actors of opposing sensibilities fall to earth, transformed into living symbols of what is angelic and evil. This is just the initial act in a magnificent odyssey that seamlessly merges the actual with the imagined. A book whose importance is eclipsed only by its quality, *The Satanic Verses* is a key work of our times.

Praise for *The Satanic Verses*

“Rushdie is a storyteller of prodigious powers, able to conjure up whole geographies, causalities, climates, creatures, customs, out of thin air.”—The New York Times Book Review

“Exhilarating, populous, loquacious, sometimes hilarious, extraordinary . . . a roller-coaster ride over a vast landscape of the imagination.”—The Guardian (London)

“A novel of metamorphoses, hauntings, memories, hallucinations, revelations, advertising jingles, and jokes. Rushdie has the power of description, and we succumb.”—The Times (London)

At first things seem ideal in Portlock, I make a new friend and even get asked out on a date. But the truth is, there are secrets aplenty. The paranormal council are at each other's throats, figuratively of course. But then someone rips out a werewolf's throat, literally this time.

Zodiac Academy: The Awakening As Told By The Boys

Author: Caroline Peckham

****This is a retelling of book 1 of Zodiac Academy from the perspective of Orion, Darius, Caleb, Seth and Max****

The Vega twins are alive.

Those five words circle in my mind like an oncoming storm. They change everything about the future we thought had been set in stone. They challenge everything we were raised to be and the stability of the entire kingdom.

They're coming to our academy looking for the life that was stolen from them, but we can't let them take it back.

So much hangs in the balance and we can't risk the arrival of two naïve princesses destroying everything we worked so hard for.

I have trained in dark magic, overcome all challenges and stood in the shadow of Lionel Acrux for far too long already. I won't let them come between me and his downfall.

Which means they have to go before they discover how powerful they truly are.

This is a retelling of the first book in the Zodiac Academy series from the point of view of Orion and the Heirs and should be read after you have finished the original story. It includes scenes from alternative points of view as well over 50k words of additional content and scenes which have never before been revealed. So prepare to step into the dark minds of the Zodiac boys and watch out for the heartbreak and carnage that will ensue.

The Vampire and the Case of the Baleful Banshee: An Urban Fantasy Novel (The Portlock Paranormal Detective Series Book 3)

Author: Heather G. Harris

I thought I was finally getting the hang of being a paranormal policewoman, but when one of the gemstones powering the barrier around the town is stolen, I'm as terrified as the average Joe. Of course, there's nothing average about the Joes in this town. It's chock full of mythical creatures, and some of them think the barrier is a waste of time.

Well, I've seen the cryptid monster beyond and I know we're doomed if the magical palisade ever fails. Calling what would follow a massacre would be a gross understatement. The race is on. I need to find the gemstone before the weakened barrier fails forever and the fiend devours us all. No pressure then.

It's a simple theft... how hard can it be to solve? Answer: Very hard. Especially when theft turns into murder.

There's also the little outstanding matter of my date with the vampire leader, Connor, not to mention that my best friend seems to be falling apart at the seams. And if all of that isn't enough to be cracking on with, I have a visitor due imminently. My mother.

I'd rather face the monster.

Her latest mission sends her undercover to a prestigious music academy in Venice, Italy. Her goal? To kill Professor Valtu Aminoff, her teacher and the notorious vampire who inspired Bram Stoker's Dracula.

But getting close to a dangerous vampire like Professor Aminoff is one thing. Falling for him is another. With Dahlia's appearance disguised under a glamor spell, Valtu has no idea that the woman who has become his new dark obsession is actually the reincarnation of the woman he loved and lost twice before.

And Dahlia doesn't remember that the very man she has been sent to kill is the love of her life.

Will their love come through and transcend time once again? Or are the fated lovers destined to let history repeat itself?

Blood Orange is a modern-day Dracula retelling about the "real-life" Dracula that inspired Bram Stoker. The Vampire and the Case of the Secretive Siren: An Urban Fantasy Novel (The Portlock Paranormal Detective Series Book 2)

Author: Heather G. Harris

Sex, drugs and siren songs.

Ok, so not much sex is going on. The closest I've gotten to some action is a date with Stan which ended in disaster. But with all the eye-candy walking around this small town, including the sexy vampire leader, Connor, I'm definitely re-thinking my 'no dating' rule. I don't get the chance to do much about it though because some ruffians think it's funny to break into the Grimes' moonshine shop.

It doesn't take too long to identify the shifters responsible, but it opens up a whole can of worms. Inebriated worms, like the ones you find in tequila. The kids weren't just drunk, they were high. High on a new kind of drug that's washing into Portlock. Literally. We found bags of the stuff floating in the harbour and it quickly becomes clear that this drug is anything but recreational. It can make you high, or it can shut down your organs quicker than you can say 'shotgun funeral'.

We need to find the dealers and shut them down, before any more of our town gets hoodwinked by this powerful stuff.

Oh, and there's a small problem with the barrier. The barrier that keeps us all safe from the cryptid monster that lurks beyond its confines. That barrier. Rips have been appearing in it, and if it falls, we're all doomed.

An average day in Portlock then.

Taken by Fate (The Alpha Territories Book 1)

Author: Shannon Mayer

Plucked out of the Collector's Pens, auctioned off to a vampire contingent, and sent across the ocean to the Alpha Territories was not exactly how I planned to spend my week.

Actually, scratch that. I had planned the first bit. But I was supposed to be sold to the werewolves so I could save my friend from a fate worse than death. Instead, the bloodsuckers have me and so far? It's not going great. I've been shoved into a corset and made to look like an extra on the cast of Bridgerton, all to take part in the Harvest Games—think The Bachelor set in the 1800s, but the men are all vampires, and then add a decidedly terrifying Squid Games element to the mix.

No problem.

My goal—besides keeping the number of holes in my body to the current norm—is more than surviving. It is escaping the inescapable, finding my way to the werewolf territory, and getting Jordan back.

Cue the political strife.

Armed with nothing more than a super sharp hairpin, my questionable charm, and an irrational amount of optimism plans to get both me and my bestie out alive are in full swing.

Until the General of the Vampire Army and his molten eyes light me on fire and leave me wondering if escape is what I want after all.

Maybe one extra set of holes wouldn't be the worst thing ever...

But in all the chaos, we missed the signs.

When our desperate attempts to locate Viola go horribly wrong, I become a target, and Nico forbids me to fight.

Except there's something powerful inside me, clawing to get out. And I don't know how much longer I can hold my protective mama wolf back...

Readers of Sleight of Hand say:

I rarely do this - but I am actually willing to compare this new author to my favorites. The team of Ilona Andrews and their "Kate Daniels" series and Patricia Briggs and her "Mercy Thompson" novels, as well as Faith Hunter's "Jane Yellowrock" are a hard act to follow. Intense storylines, fully developed realistic characters, exceptional world building, the list goes on and on. And, so far, the author of "Sleight of Hand" fits right in there with my favorites. - Goodreads reviewer, * * * * *

Loved this book. It's a bit of a cross between those great hard-boiled detective novels of the 1930s and 1940s and more modern Urban Fantasy by authors like

Jennifer Estep and Faith Hunter. Amber is a great heroine and this book is filled with secondary characters I can't help but like. I'm already hooked. - Goodreads reviewer, * * * * *

Amber kicks butt like no other. This is fast-paced, action-packed and does not slow down for a second. - Goodreads reviewer, * * * * *

WOW well I have just added an author to my top 5 and auto-buy list. This story was just plain awesome. I totally agree with some of the other reviewers, this falls in the same league as Kate Daniels, Jane Yellowrock and Cat And Bones.

Kickass heroine who is believable (ex military special ops), Vampires who don't go poof the magic dragon in sunlight or upon death. No insta love (which I have come to dislike). Excellent world building without information dumps. Very good plot line with underlying overall plot line. Top class urban fantasy! - Goodreads reviewer, * * * * *

Eternal Reign (Age of Vampires Book 1)

Author: Caroline Peckham

The vampire prince has never claimed a human. Until now.

My whole life I've been nothing but a means to an end; livestock kept caged for the production of blood. I've stared through fences at the promise of freedom countless times, but the only way anyone escapes this hell is in the hands of a bloodsucker.

The annual testing is about to begin, and those who pass are never seen again. So fu*k that. My twin and I decided to risk it all. To run before the royals could claim us.

Turns out, that dream expired fast. Because when an original vampire decides to own you, there's nowhere in this ruined world left to escape to.

I'm at his mercy now, trapped in his castle, destined to become his creature, and forced into a dangerous game of rivalry between the seductive vampire princes.

His beauty is a weapon I wasn't prepared for, his cruelty a bane that strikes fear in the hearts of all, and his company a sin I'm going to spend my life repenting.

I need to get back to my sister, but she's caught in a trap of her own, tangled up with the last slayer to walk this earth and following his path towards vengeance. She's at his mercy too, the man with violence tattooed across his skin, death trailing his footsteps as he stalks his prey - who just so happen to be the royal vampires who hold me captive.

The gods are toying with us all, placing my twin and I on opposite sides of an ancient war. And in the end, I fear there won't be any victors left standing.

So I'm going to play a game of my own, let my captor use me as his puppet until I find my moment to strike.

Let this hell-born ritual of lust, lies and blood begin.

This is a dark, fantasy romance series by the authors of Zodiac Academy with all the enemies to lovers vibes – don't go expecting a sweet vampire with sparkling skin and a tendency to watch you sleeping. These vampires are savage and bloodthirsty, and the slayer who hunts them will stab first and ask questions later. This war-torn fantasy world is a brutal bi*ch and only those 18+ have a chance at surviving the darkness lurking between these pages. There's no well-meaning vampires snacking on Bambies instead of babies, and if they get their teeth into you, you'll be damn lucky to escape with your life and panties intact. So grab hold of your slayer blade (wooden stakes have too many splinters) and get ready to defy the gods, because this is going to be one helluva ride*

The final installment in the Forty Proof Series is [HERE](#). The story is broken into two POV's, Crash and Bree, as they fight their way to one another.

Crash:

I had her in my arms, only to lose her moments later. Frantic doesn't even begin to describe my state of mind as I search for Bree.

To find Bree, I must face a queen I defied and a monster that wants my soul. All while being heckled by a demon-infested blade.

Goddess help me succeed.

Breena:

Being abducted by a woman who is supposed to be dead, and weirdly looks a heck of a lot like me, is disturbing. Being told my death is needed to complete a wicked spell and that I'll be turned into a vampire? Even more disturbing.

I can't reach Crash or my friends. I have no idea where I am. My only ally? Alan. My ex-husband. Yup, you read that right,

The path to the end of my story is shadowed in fog, danger, and mystery, but I begin to see through it as the players and truth emerge. City of Gods and Monsters (House of Devils Book 1)

Author: Kayla Edwards

Welcome to the city of Angelthene. We hope you survive.

Loren Calla has only ever been ordinary. As a human struggling to survive in a city that caters to the needs of vampires, werewolves, witches, and other supernatural creatures, she always assumed her life would remain simple, predictable, and as safe as her world would allow.

Until she barely escapes abduction at the hands of Darkslayers—supernatural bounty hunters that possess the Sight, a magical tracking ability that allows them to see a person's aura—and one of her friends is taken in her place. The abductors are demanding a ransom: Loren's life in exchange for her friend's safe return. Loren will do whatever it takes to get her friend back—even if it means accepting help from Darien Cassel, the leader of the Seven Devils, the most feared Darkslaying circle in the city.

Darien specializes in tracking down demons and criminals that are better off dead than alive, so when he takes a job to track down Loren and finds out she is human—and couldn't hurt a fly if her life depended on it—he decides to protect her instead of turn her in for a reward. As much as Loren doesn't want to admit it, Darien is her best and only chance at finding her friend alive, if she can somehow manage to get along with him—and not fall head-over-heels in love with him in the process, which is far easier said than done.

When more women start disappearing, and some of them slowly turn up dead, Loren and Darien's search for answers takes them deep into Angelthene's corrupt underbelly, where they discover a dark secret that threatens to unravel their world. And when tragedy strikes, Loren learns that love can make an ordinary person do extraordinary things.

How to Fall in Lust with a Devil (Deceit & Devotion Book 3)

Author: Lola Glass

My new roommate is a gorgeous demon.

The most uptight, boring demon in all of existence.

Did I mention that he hates me?

I'm only living with him because my brother trusts him to prevent me from having any amount of freedom.

Until he loses control for a second.

Just a split second, but that second is enough.

I learn that he doesn't hate me... he just doesn't want to admit I'm his potential mate.

So, I have a new mission in life:

Seducer the gorgeous, grumpy demon with every tool in my possession. Especially my lust.

*This is a steamy, full-length standalone romance with a happily ever after!

Vicious (Villains Book 1)

Author: V. E. Schwab

V. E. Schwab's New York Times bestseller *Vicious* is a masterful tale of ambition, jealousy, desire, and superpowers.

Victor and Eli started out as college roommates—brilliant, arrogant, lonely boys who recognized the same sharpness and ambition in each other. In their senior year, a shared research interest in adrenaline, near-death experiences, and seemingly supernatural events reveals an intriguing possibility: that under the right conditions, someone could develop extraordinary abilities. But when their thesis moves from the academic to the experimental, things go horribly wrong.

Ten years later, Victor breaks out of prison, determined to catch up to his old friend (now foe), aided by a young girl whose reserved nature obscures a stunning

ability. Meanwhile, Eli is on a mission to eradicate every other super-powered person that he can find—aside from his sidekick, an enigmatic woman with an unbreakable will. Armed with terrible power on both sides, driven by the memory of betrayal and loss, the archnemeses have set a course for revenge—but who will be left alive at the end?

In *Vicious*, V. E. Schwab brings to life a gritty comic-book-style world in vivid prose: a world where gaining superpowers doesn't automatically lead to heroism, and a time when allegiances are called into question.

"A dynamic and original twist on what it means to be a hero and a villain. A killer from page one...highly recommended!" —Jonathan Maberry, New York Times bestselling author of *Marvel Universe vs The Avengers* and *Patient Zero*

Kelsey: A Wolf Shifter Romance (Moonstruck Mates Book 1)

Author: J.L. Weil

The first time I laid eyes on him, I knew what the tangle of emotions meant. He was the one. And I wasn't sure how long I could resist the temptation to be his.

Wild and reckless, Kelsey Summers had her entire life laid out for her from the day she was born. Her parents are the Hot Springs pack Sentinels, and they arranged her betrothal to Liam Castle, a promise of continued peace between packs. Her eighteenth birthday hastily approaches, so she must say goodbye to her old life and hello to her future in Riverbridge, Wyoming.

Liam Castle is brooding, intense, and gorgeous—all things Kelsey hoped he wouldn't be. Her intent is to make the model-worthy wolf shifter's life a living hell, but she finds it extremely hard when he stares at her with those breathtaking aqua eyes.

Soon Kelsey realizes her arrival brought a great danger lurking in the woods of Riverbridge. Hunters. And their mark isn't any wolf. It's the one with extraordinary abilities. Just Kelsey's luck that she's the shifter with the colossal target on her back. At this rate, she might never make it to her eighteenth birthday, let alone to her mating ceremony.

*If you like paranormal romances, with fated lovers, steam, action, a sassy heroine, and an alpha hero, this is for you. Kelsey is book one of a full-length (90k+) duology and ends on a cliffhanger. It's recommended for 18+ due to language and sexual situations.

Hell For Hire: Urban Fantasy Action with Witches and Demons (Tear Down Heaven Book 1)

Author: Rachel Aaron

"Featuring a motley crew of loveable demons, a chaotic male forest witch with a sassy talking cat familiar, snarky sentient weapons, wicked warlocks, and plenty of magical mayhem, Hell for Hire is a bewitching and diabolically fun Urban Fantasy that is as thrilling as it is wholesome." - Before We Go Blog

The Crew

A hulking-out wrath demon who eats gamer rage and loves cats, a shapeshifting lust demon who enjoys their food a bit too much, and a void demon who doesn't see the point of any of this. They're not the sort of mercenaries you'd hire on purpose, but Bex wouldn't trust her life to anyone else.

Ever since the ancient Mesopotamian king Gilgamesh decided death wasn't for him, killed the gods, and conquered the afterlife, times have been rough for a free demon. But the denizens of the Nine Hells aren't the quitting sort, and Bex and her team have been choking a living out of the Eternal King's lackeys for years. It's not honest work, but when Heaven itself declares you a non-person, you smash-and-grab what you can get.

This next gig looks like more of the same...until Bex meets the client.

The Job

Adrian Blackwood is a witch with a problem. His family has skirted the edges of King Gilgamesh's ire for centuries, but thanks to a decision he made as a child, Adrian is personally responsible for putting his entire coven in Heaven's crosshairs.

Determined to set things right, Adrian drags his broom, caldron, and talking cat thousands of miles across the country to Seattle where he can fight the Eternal King's warlocks without bringing the rest of his family into the fray. But witchcraft--like all crafts--takes time, and if the warlocks catch him before his spells are ready, he's dead. So Adrian does what any professional witch would do and hires a team of mercenaries to keep the warlocks off his back. He didn't expect to get demons, but when you're already on the killing-edge of Heaven's bad side, what's a bit more fuel on the fire?

Sometimes you get more than you paid for.

Neither Adrian nor Bex knew what to expect when they signed their contract, but witch-plus-demon turns out to be a match made in the Hells. With this much chaos at their fingertips, even impossible dreams can come back into reach, because Bex wasn't always a mercenary. She used to be the Eternal King's biggest nightmare, and now that she's got a witch in her corner, it's time to put the old magics back on the field and show Adrian Blackwood just how much Hell he's hired.

The Burning Witch: A Humorous Romantic Fantasy

Author: Delemhach

A young woman navigates a web of politics, assassination attempts, and romance in the first book of a new series set in the world of the House Witch trilogy.

Katarina Ashowan was not made for courtly life. Sure, her father is the famous house witch of Daxaria so she was raised among majestic castles, proper manners, and royal expectations. But Kat is also a mutated witch whose power aligns predominantly with fire. She's more comfortable riding horses or learning to fight than she is making polite conversation and wearing fancy dresses. Which is why her upcoming assignment—serving her best friend, Alina, the soon-to-be crowned Troivackian queen—is anything but ideal.

Even worse, Kat is forced to make the long journey from Daxaria to Troivack with Alina's extremely irksome brother, Eric, the crown prince of Daxaria. Kat and the formerly missing prince are constantly at each other's throats—until, that is, they begin to form an unexpected kinship . . . with perhaps something more flickering beneath the surface. Now Kat must contend with the strictures of Troivackian court, mysterious assassination attempts, and her unsettling new feelings for Eric, all as her fiery powers are becoming harder and harder to control.

In this fast-paced, humorous, and romantic start to the Burning Witchtrilogy, the same charming magical mayhem that wooed readers of the House Witch series gets a brightly burning new star in Katarina Ashowan.

The first volume of a new spin-off of the hit romantic-fantasy series that has more than a million views on Royal Road—now available on Kindle, Kindle Unlimited, and Audible
